I have read the Director Orientation Package and understand the requirements and commitment.

Attestation

I attest to my understanding that my nomination as a Director will be considered by the Membership and voted upon at the AGM. If I am elected as a Director, I will honour the constitution and mission of the Society and uphold the protocols, policies and guidelines passed by the Board and Executive of the Society. I do not know of any personal or professional relationship/matter that exists which would create a conflict of interest should I be elected as a Director.

I declare that all the information I have provided in this application and in any other documents which accompany this application is complete and true in every respect.

I understand that I will undergo appropriate background checks including a Criminal Records Review pursuant to the Criminal Records Act of B.C. and a financial/bankruptcy check, as part of the Board's due diligence process. The results of these checks must all be satisfactory as a condition of serving as a Director. I know of no reasons for the results of these checks to be an impediment for my election to the Board and if I have any concerns, I acknowledge I can discuss them with the current Chair of the Board.
